RE: Allied Paper/ Portage Creek/ Kalamazoo River Site  
Georgia-Pacific Kalamazoo Mill and Former Hawthorne Mill Time-Critical Removal Action  
Reduction of *Progress Report* frequency under Administrative Order on Consent  
No. V-W-07-C-858

Dear Mr. Fortenberry:

On November 16, 2006, the United States Environmental Protection Agency (U.S. EPA) and Georgia-Pacific Corporation (now Georgia-Pacific LLC) entered into the above referenced Administrative Order on Consent (AOC). Pursuant to paragraph 19a of the AOC, Georgia-Pacific LLC (GP) has been providing U.S. EPA with written progress reports every 30 days from the time GP commenced work under the Work Plan referenced in the AOC.

In accordance with paragraph 19a of the AOC, this letter serves as U.S. EPA's notice to GP, to reduce the frequency in which GP submits written progress reports to U.S. EPA. Effective upon receipt of this letter, GP must report on the progress of work performed pursuant to the AOC in quarterly (3-month) reporting periods, with the first reporting quarter of 2008 being January through March. Progress reports are due to U.S. EPA 30 calendar days after the end of the quarterly reporting period. For example, a progress report for the first quarter of 2008 is due by April 30, 2008 and a progress report for the second quarter of 2008 is due by July 30, 2008.

Please contact me at (312) 886-1434 or Nicole Wood, at (312) 886-0664 if you have any questions concerning this letter.

Sincerely,

A handwritten signature in black ink, appearing to be 'S. Chummar', with a stylized flourish at the end.

Sam Chummar, Remedial Project Manager  
U.S. EPA Region 5
